Make It Happen In Your School!

Come join us in beautiful Central Oregon for this year's Spring Research Institute. Don't miss this opportunity for **quality team collaboration**. This is a chance for Title I school wide planning teams, site councils, and program development teams to **review and update action plans for school improvement**. The Institute offers a variety of consultants to offer support in key areas, problem solving and planning. The only one of its kind, the OASCD Spring Research Institute will provide teams with the focus and time to work together that it takes to help your school become all that it can be!

Consultants and Workshop Topics

Frank Hernandez – Northwest Regional Education Lab

AM session: **'Effective Implementation of SIOP'**
PM session: **'Standards Based ELL Instruction'**

Mike Loretz – Director of School Improvement/McMinnville School District

And
